

SPL AUDIT (CYPRUS) LTD

EMPOWERING YOUR BUSINESS WITH CLARITY AND CONFIDENCE

As Cyprus and India continue to strengthen their diplomatic and cultural ties, the focus is now shifting toward practical business cooperation, especially in financial services, where both countries have much to gain from closer collaboration. Cyprus is increasingly recognised by Indian companies as a strategic gateway to the European Union and international markets. Establishing headquarters in Cyprus offers significant advantages, including a competitive corporate tax rate, an extensive network of double taxation treaties (including with India) and attractive exemptions on dividends and capital gains. In addition, Cyprus boasts a highly skilled workforce, robust intellectual property (IP) protection frameworks and a business-friendly environment with seamless access to the EU single market. Combined with an exceptional quality of life, these benefits position Cyprus as an ideal base for Indian enterprises looking to scale globally and optimise their international operations. Cyprus will hold the Presidency of the Council of the European Union during the first half of 2026. This will mark the second time the Republic of Cyprus has assumed this role, following its first term in 2012. During its Presidency, Cyprus will ensure the con-

tinuity of the Council's work and legislative processes, while working closely with other Member States and European institutions. At SPL Audit (Cyprus) Ltd, we specialise in Audit, Tax and Advisory services, offering tailored solutions for corporate structuring, regulatory compliance and relocation planning. Our experienced team supports businesses and individuals seeking to establish or expand their presence in Cyprus, bridging opportunities between the Indian and Cypriot markets with insight, integrity and international reach.

Our business partners work with us, assisting in the implementation of more sophisticated and demanding structures and setups. We are ready to provide support and tailor-made solutions for your organisation's needs. Services via associates include company formation and company domiciliation services, corporate administration, corporate banking and payments, domiciliation and representation, investment fund services, licensing of regulated entities, and substance solution services.

Whether you are planning to relocate, expand or streamline your international operations, SPL Audit (Cyprus) Ltd is here to guide you every step of the way with clarity, confidence and cross-border expertise you can trust.
